SENATE CS FOR HOUSE JOINT RESOLUTION NO. 29(RES) am S

IN THE LEGISLATURE OF THE STATE OF ALASKA

TWENTY-SEVENTH LEGISLATURE - SECOND SESSION

BY THE SENATE RESOURCES COMMITTEE

Amended: 3/23/12 Offered: 3/21/12

Sponsor(s): REPRESENTATIVES MILLETT, Gruenberg, Fairclough, Tuck, Thompson, Kerttula, Joule, Stoltze, Costello, Pruitt, Muñoz, Lynn, Gardner, Tammie Wilson, Petersen, Doogan, Foster, Gara, Neuman, Holmes, Peggy Wilson, Miller, Seaton, Edgmon, Dick, Austerman, Johansen, Herron, Johnson, Thomas, Guttenberg, Cissna, Gatto, Chenault, Feige, Hawker, Saddler, Keller, Olson, Kawasaki

SENATORS Coghill, Meyer, Ellis, Menard, Paskvan, Egan, Davis, McGuire, Stedman, Thomas, Wielechowski, Huggins, Giessel, Dyson, Olson

A RESOLUTION

- 1 Urging the United States Department of the Interior, Bureau of Land Management, to
- 2 plug legacy wells properly and to reclaim the legacy well sites as soon as possible in
- 3 order to protect the environment in the Arctic region; and requesting the Office of the
- 4 Governor to increase nationwide awareness about legacy wells and well sites.

5 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

- 6 WHEREAS the United States Navy and the United States Geological Survey drilled
- 7 approximately 137 wells on federal land in northern Alaska between 1944 and 1981, all of
- 8 which are now abandoned; and
- 9 **WHEREAS** the United States Bureau of Land Management is the current operator of
- the abandoned wells, now referred to as legacy wells; and
- 11 WHEREAS only seven of the legacy wells have been properly plugged and
- 12 reclaimed; and
- WHEREAS the remaining legacy wells are out of compliance with the regulations
- adopted by the Alaska Oil and Gas Conservation Commission, and 42 of the remaining legacy
- wells are flagrantly out of compliance; and

2	WHEREAS the changing geography of the Arctic puts additional legacy wells at risk
3	of being lost before remediation can occur; and
4	WHEREAS the Alaska Oil and Gas Conservation Commission has repeatedly
5	reminded the federal government of the obligation to plug legacy wells properly and to
6	reclaim legacy well sites; and
7	WHEREAS the legacy wells that have not been properly plugged and reclaimed pose
8	a significant risk to surface vegetation, groundwater, fish, land mammals, and sea mammals
9	and
10	WHEREAS wood and metal debris and deteriorating buildings at the sites of the
11	legacy wells litter the landscape and detract from the natural beauty of the Arctic region; and
12	WHEREAS the federal government has received \$9,480,946,486 from lease sales in
13	the National Petroleum Reserve - Alaska and the outer continental shelf of the state and
14	should use a portion of those funds to plug and reclaim legacy wells in the state; and
15	WHEREAS the state cannot impose fines on the federal government for violating the
16	regulations of the Alaska Oil and Gas Conservation Commission, but if it could do so, the
17	fines would exceed \$8,000,000,000; if the statute of limitations were disregarded, the fines
18	would exceed \$40,000,000,000; and
19	WHEREAS both state and federal regulations require the plugging and reclamation of
20	legacy wells, and the federal government would not allow a private entity to remain in
21	violation of those regulations;
22	BE IT RESOLVED that the Alaska State Legislature urges the United States
23	Department of the Interior, Bureau of Land Management, to plug legacy wells properly and to
24	reclaim the legacy well sites as soon as possible in order to protect the environment in the
25	Arctic region; and be it
26	FURTHER RESOLVED that the Alaska State Legislature respectfully requests the
27	Office of the Governor to disseminate information through appropriate national news outlets
28	and by other available means to increase awareness nationwide of the dangerous conditions of
29	the legacy wells and legacy well sites in the state and the federal government's failure to plug
30	the legacy wells properly and reclaim the legacy well sites.
31	COPIES of this resolution shall be sent to the Honorable Barack Obama, President of

WHEREAS three of the legacy wells can no longer be found; and

1

- 1 the United States; the Honorable Ken Salazar, United States Secretary of the Interior; the
- 2 Honorable Robert V. Abbey, Director, United States Department of the Interior, Bureau of
- 3 Land Management; and the Honorable Lisa Murkowski and the Honorable Mark Begich, U.S.
- 4 Senators, and the Honorable Don Young, U.S. Representative, members of the Alaska
- 5 delegation in Congress.
